

You Are The Reason That I Haven't Killed Myself

Death Plus

You are the reason that I haven't killed myself
I got some demons, they're hanging out on the shelf
I'm tryna see you now, I'll come back to your house
That's what she told me
I don't ever see her now
I'm just lonely, and I miss hanging out
You don't know me, but you could try to find out
If you show me what it is, we can work it out
Yeah, I'm just lonely
(I'm just lonely)
You are the reason that I haven't killed myself
I got some demons, they're hanging out on the shelf
I'm tryna see you now, I'll come back to your house
That's what she told me
I don't ever see her now
