

Within the Mind

Death

Transforming your life from the inside out
Overcoming fear that made you doubt
Observing what is stored in the subconscious
Trusting what you feel with your gut responses

See past the dark and use your energy
Learn from these images
Thoughts that we call dreams

This power lies within the mind
Gain wisdom through abilities
Change what's to come in future time
Avoiding pain and misery

Look through the fake for what is real
Making decisions by what you feel
Live for the future and not the past
The weak of mind will never last

Perceiving from visions that reoccur
Analyze your dreams to gain
A better perspective of your life
In control of your destiny with mind and soul

See past the dark and use your energy
Learn from these images
Thoughts that we call dreams

This power lies within the mind
Gain wisdom through abilities
Change what's to come in future time
Avoiding pain and misery
