

do or die?

DeathbyRomy

Hello?
Is this [?]?
No
No?
Oh I don't mean to, It's ok
It's all good, thank you

I got my own damn self
I told you I'm ok
So I'm talking to the devil
Yeah, this must be him
He said, do or die baby
Yeah, he said, you wanna die baby?
No, I said, not tonight crazy
Yeah, he said, ride or die baby
He said, you and I
You and I do not exist, but I do
Thought you were my ride or die boo
I don't need the devil in me
I already want help baby
Yeah, I'm saying, should of know she a bitch
Crazy yeah, It's DeathbyRomy
It's do or die, baby
I got the knife, baby
Am I crazy?
Do I have to ask?
Maybe I did, and that's how we got here
And it all happens for a reason
But we sing along
Baby, yes mum, they say Romy's is crazy
Yeah, I heard it's true, true
Yeah, the stories, they in my head
You said you want-
You said you want-
You said-
Said you wanna date with the devil
But you don't wanna pay the price
You don't wanna pay the price
Make it up, double cut

Just pretend that it's ok
I know I'm right everytime
As I grow, I know I'm right
I count it up, I check my soul, I know I'm right
If I'm ok, I know I'll [?]
Say nighty night, I come alive, I feel the vibe
I am the [?]
Yeah, ask yourself, why isn't DeathbyRomy tombed?

I'm going up
World comes down, I'm going up
