

# I Kill Everything

DeathbyRomy

Mutilated to the point of perfection  
I'm the patron Saint of merciless love  
Just when I thought that we had formed a connection  
I got a message from the one up above  
Serpentine seductress love to bite back  
Probe me paralyze me nymphomaniac  
Brand me burn abduct me hyper heart attack  
Love to love me leave me make me come back

Plagued be the body, holy and unscathed  
Forgive me father, for I have misbehaved  
Crafted like a weapon, unable to disengage  
Built to dismember, fill me with your rage

I kill everything I fuck, fuck everything I kill  
I kill everything I fuck and I'm proud of it  
I kill everything I fuck, fuck everything I kill  
I kill everything I am gods favorite bitch

You can do whatever you want to me  
Fever dream dressed like a fantasy  
Crucify strip and abandon me  
Beautiful American tragedy  
Cus I'm here for a bad time not a long time  
Got the devil on speed dial he call me late night  
Play dumb play sweet I'm so sick  
I'm hells favorite masochist  
Suicide sex  
Slit my wrist and lick the blood up off my chest  
Doing favors for the devil to pay my rent  
Love is pain burn my name in cigarettes

Plagued by the body, holy and unscathed  
Forgive me father, for I have misbehaved  
Crafted like a weapon, unable to disengage  
Built to dismember, fill me with your rage

I kill everything I fuck, fuck everything I kill  
I kill everything I fuck and I'm proud of it  
I kill everything I fuck, fuck everything I kill  
I kill everything I am gods favorite bitch

Hell is here and now, it's all around you  
Give your soul to me, let me desecrate you

I kill everything I fuck, fuck everything I kill  
I kill everything I fuck and I'm proud of it  
I kill everything I fuck, fuck everything I kill  
I kill everything I am gods favorite bitch
