

Deathrash Legions

Deathchain

We were born south of heaven beneath the remains we shall arise
Pile of skulls is the sign of the evil, sign of the restless dead

We're killers who bark at the moon possessed by the antichrist
We heard "them" call beyond the crypt, we're fighting the world
with iron fist

Don't break the oath, the oath of black blood
Just come to the sabbath, sabbath bloody sabbath
We'll kill 'em all and show no mercy
Welcome to hell
