

## God bless you

DEATHGAZE

I'll sing god bless you  
And I'd sing god break you

Burning link to me  
Feeling maybe ready, the baby  
Burning link to me  
Just believing me, ready baby glad

Hear me screaming for you loving  
Let's share this way of living  
Take my hand and follow, baby  
Tell me where your voice

I am going crazy  
But after tomorrow  
We are shining bright

All that who remains  
Can be drawn  
In bright all this time  
Together we all
