

Tiny room, cigarettes, and plastic bottles
Who are you? Who are you?
Like a fish straight out of water
Turnin' blue, who are you?
Sittin' pretty spaces in between your tooth
Nothin' hurts if you don't let it be

Don't know what you want from me
Don't know what you want from me
Don't know what you want from me

Am I problematic?
Do I make any sense? Hmm
Make believe I got my friends, I don't see them anywhere
Gettin' way too much to handle, I just need some fuckin' help

Hmm
Hmm

Don't know what you want from me
Don't know what you want from me
Don't know what you want from me

Hmm
