

## Last Train

Deb Never

Take the train and pack up almost nothing  
Meet me at the edge of somewhere new  
I could wear my favorite clothes, I'd dress up for you  
Like we're the only ones in the world

But I feel so invisible  
Standing right in front of you  
What's the point in nights like these?  
If you leave me on my own  
You leave me with your ghost  
Don't leave me with your...

When your feeling bitter I could make it go away  
Be the sugar for the pill  
I could swallow all the pain  
If you're begging with those eyes like honey  
I wonder what it'd be like  
If I wasn't in your life  
All I wanted was someone to hold me  
It's a shame you only think about yourself

'Cause I feel so invisible  
Standing right in front of you  
What's the point in nights like these?  
If you leave me on my own  
You leave me with your ghost  
Don't leave me with your...

I feel so invisible  
Standing right in front of you  
What's the point in nights like these?  
When you leave me on my own  
You leave me on my own  
You leave me with your ghost
