Not Okay

Deb Never

Drive me far away
Where I could lay my body
Lift me from this place
A symbol for an ending
If I had someone who makes me feel alive
It would be enough to keep me by your side

I'm not okay
Close my eyes and kiss the dark
I draw your face
Hold my breathe to try and reach you
I'm not okay

Let it out and bleed
'Cause no one ever taught you
How to fix the seams
Cut somewhere deep inside you
But if you had someone who made you feel alive
Would it be enough to keep you by my side?

I'm not okay
Close my eyes and kiss the dark
I draw your face
Hold my breathe to try and reach you
Before I break
And all my pieces turn to dust
And blow away
Hold my breathe to try and reach you
I'm not okay, yeah
