

# Red Eye

Deb Never

Taking time for me, taking time for me  
Put my feet up in the sea  
Taking time for me, taking time for me  
I'm flying out to Italy

She like the way that I talk  
She like the way that I fuck  
Look at the stars no I'm not in love  
No no  
Don't like the way that it feels  
When I'm not doing drugs  
It's summertime  
Baby what's the rush  
I need a second take my time

I don't play u like the chase  
I get too high sometimes who cares it's okay  
Out of my mind I think I need a vacation  
Red eye to fly far away  
I need a second take my time

Can't catch no fish like this I wish  
There were plenty more swimming in the sea  
Girl u kno I like ur face  
Between my legs  
Ya I kno u like the taste  
Gotta leave u bittersweet

This shit is getting old  
Gotta let it go  
Recalibrate

Okay reset reload  
Turning off the phone  
Meditate

I need a second take my time

I don't play u like the chase  
I get too high sometimes who cares it's okay  
Out of my mind I think I need a vacation  
Red eye to fly far away  
I need a second take my time

Taking time for me, taking time for me  
Put my feet up in the sea  
Taking time for me, taking time for me  
I'm flying out to Italy
