

# Same

Deb Never

Fuck it up!

Will I always feel the same?  
Always feel the same  
I always feel the same  
Always feel the same  
Will I always feel the same?  
Always feel the same  
Always feel the same  
Always feel the same  
Will I always feel the same?

Oh, where the fuck my mind go?  
You might wanna check under the table  
A personality you splittin' down the middle  
Never promised I was stable, no (Oh)  
I don't wanna live too slow (Oh)  
I don't wanna die too broke  
Shoppin' on a credit card that I stole  
And I bought new clothes

But I always feel the same  
Always feel the same  
I always feel the same  
Always feel the same  
Will I always feel the same?  
Always feel the same  
Always feel the same  
Always feel the same  
Will I always feel the same?

Please pay attention  
Just wanted your affection, oh  
Got good intentions, oh  
But I can't get my mood right  
I can't live my whole life wasting time  
I'm tryna make you feel so fuckin' special

Will I always feel the same?  
Always feel the same  
I always feel the same  
Always feel the same  
Will I always feel the same?  
Always feel the same  
Always feel the same  
Always feel the same  
Will I always feel the same?

Always feel the same  
Always feel the same  
Always feel the same  
Always
