

# Stupid

Deb Never

I'm so stupid  
I can't get through this  
And I feel you in my bones  
I'll be searching for your ghost

Deep end  
Drowning out on the weekend  
Mindless sex with no meaning  
Everyone's got their reasons  
Blood cold  
Through my heart on a dirt road  
Gory scene Tarantino  
Can't you see how you left me

Blue pill flushing down my system  
Fuck your words you leave me guessing  
Tell me why, I still chase your high

Cause I'm so stupid  
Why do I do this  
I could feel you in my bones  
I keep searching for your ghost

I'm so stupid  
I can't get through this  
Till I find my way back home  
I'll be searching for your ghost

Fade out  
Heavy eyes gettin' weighed down  
Your in my body like morphine  
Take it easy on me  
Cause even when the darkness falls  
I can see your red light call  
And tell me why, I still chase your high

Cause I'm so stupid  
Why do I do this  
I could feel you in my bones  
I keep searching for your ghost

I'm so stupid  
I can't get through this  
Till I find my way back home  
I'll be searching for your ghost
