All Over

DeBarge

Tell me
Is this love for real?
'Cause, when you touch me
Oh it's such a thrill
How come
It takes so very long
For us
Just to get it on

Girl
Please let me love you (love you, love you, love you)
I wanna kiss you and hug you and make you feel good all over
And oh
I got to have you (have you, have you, have you)
There's nothing I wouldn't do to prove that I really love you

I wanna kiss you and hug you and squeeze you and rub you all over (all over)
I wanna love you and feel you and taste you caress you all over (all over)
I wanna hold you, look at you and give you good lovin' all over (all over)
Let me control you and kiss you and show you I love you all over (all over)

I know
That you're really scared
Won't you
Please come over here
Let me be
Try to take you by the hand
I'll explain everything to you so you'll understand

Girl
Please let me love you (love you, love you, love you)
I wanna kiss you and hug you and do everything I can
And oh
I got to have you (have you, have you, have you)
There's nothing I wouldn't do to keep you say you love me

I wanna kiss you and hug you and squeeze you and rub you all over (all over)
I wanna love you and feel you and taste you caress you all over (all over)
I wanna hold you, look at you and give you good lovin' all over (all over)
Let me control you and kiss you and show you I love you all over (all over)
I can have you no longer so please let me love you all over (all over)
I gotta show you I need you 'cause I got to have you all over (all over)

I wanna kiss you and hug you and squeeze you and rub you all over (all over)
I wanna kiss you and hug you and squeeze you and rub you all over (all over)
I wanna touch you and squeeze you and taste you and tease you
All over (all over)
I can stand it no longer so please let me love you all over (all over)

I wanna kiss you and hug you and squeeze you and rub you all over (all over)
I wanna kiss you and hug you and squeeze you and rub you all over (all over)
I wanna touch you and squeeze you and taste you and tease you
All over (all over)
