What's Your Name

DeBarge

Wow, there she goes again
Is she followin' me or what
She sure is pretty
Who is she
This time I'm gonna ask her

What's your name
Please tell me, baby
Pretty thing
Woo, tell me, sugar

Oh, what's your name
I saw you across the room
Pretty thing
You sure put me in the mood

What's your name
Ah, tell me, baby
Pretty thing
Tell me

Oh, what's your name
I'd sure like to know your roots
Pretty thing
You sure put me in the mood
The mood

'Cause I never seen a smile like yours before
Gleaming like the morning sun
You look so exciting
I'd like to get to know you

Oh, what's your name
I'd sure like to know your roots
Pretty thing
You sure put me in the mood
The mood, hey... yeah...

'Cause I never seen a smile like yours before
Gleaming like the morning sun
You look so exciting
I'd like to get to know you

Oh, what's your name
I'd sure like to know your roots
Pretty thing
You sure put me in the mood
The mood

What's your name...
Pretty thing...
