

## 3 Riff Hit

## Debauchery

We bring the music  
We bring the pain  
We are crazy and bloodstained  
We hit your club  
There is no escape  
We want your blood  
And some bitches to rape  
Drinking fuckin' beer  
Totally drunken  
Go bang your head  
Start fuckin' jumping  
I don't need no progressive shit.  
All I need is a 3 Riff Hit  
Electric guitars will scream  
I'm drinking some Jim Beam  
The beat is loud  
A girl sucks my standing proud  
No we are no fucked up progressive band  
Straight Heavy Metal  
for that we make a stand  
No shitheads, no fuckin' lies  
No Hip Hop or do you wanna die  
I don't need no progressive shit  
All I need is a 3 Riff Hit.
