

## Cumming And Killing

Debauchery

I'm the visitor from hell  
I'm coming with the screaming bell  
I'm here for you and for your kin  
It's violence no sin  
Killing, murdering, slaying, maiming and churning  
I break your neck  
Crunch the bones out of your back  
With the knife cut the eyes of your wife  
And impale your son - call this fun  
I'm a member of the cult of gore  
I'm here for the decayed whore  
I will fuck your body in the ass  
With parts of sharp metal and of glass  
Electrical discharge will cripple you  
You tremble, crying frantically  
Sitting in your blood, vomit, shit and piss  
Thinking: what an insanity is this
