

# For God, Emperor And Fatherland

Debauchery

Marching off to war  
Students and children we are  
Fighting to the final breath  
Conscripted to death  
In the war  
World war  
War  
Trench war  
Industrialized  
Mechanized  
Genocide  
Whole generation in the front line dying  
Mass murder, the wounded crying  
The signal - out of the trench  
Few hundred years in blood drenched  
Industrialized  
Mechanized  
Genocide  
Crippled for god emperor and fatherland  
Coming home with only one hand  
Your legs are splattered, spine is broken  
It's an honour to be one of the emperors chosen  
Machinegun rips us apart  
Then bloodshed with the bayonet  
Gas attack we are the cannon fodder  
With our bodies feeding the meat hammer  
In the war  
World war  
War  
Trench war  
Dying...  
For god, emperor and fatherland  
Great Britain 947000 dead  
France 1385000 dead  
Austria-Hungary 1200000 dead  
Russia 1700000 dead  
Germany 1808000 dead  
Dulce et decorum est  
Pro patria mori
