

Genocider Overkill

Debauchery

I am a killer from the shadows
I'm here to hunt you down
I will kill you and your fellows
I rip apart what can be found
Motherfucker I hate your society
I destroy mankind in an orgy of butchery
I break bones, rend the flesh
Burn your old ones, rip, cut, slash

It's a genocider overkill

I will kill your fuckin' babys
End to the next generation
You are my enemy
You will live in insanity
I'm a terminator, body eviscerator
A bloodthirsty exterminator
Not one will be left alive
When my bloodlust is satisfied

It's a genocider overkill
