

Killerbeast

Debauchery

Yes we kill
Hack - Slash - Kill
We are killerbeasts

I was born to kill
Never get my fill
Shoot you in the head
Or rip you apart
Hell - Forged predator pack
Kills you on the torture rack

I am a killer - I bring you pain

I am a murderer
Sadistic Torturer
Goreobsessed Terminator
I'm a mutilator
I'm born for violence
I break your defense
I'm born for bloodshed
I tear you to shreds
