

Lords Of Battle

Debauchery

We give no quarter and no mercy
We are gore obsessed and bloodthirsty
We are the warriors of metal
With swords and axes ready for battle

Time to give up
We want your blood

We are the troops of doom
Killers killing in the killing zone
We are Death Metal maniacs
We don't give a fucking fuck

We are searching for fresh blood
We do not wait until you're rot
We are crazy and insane
Motherfucker let's die in pain

Time to give up
We want your blood

Yeah - we are here in the warzone
We are here to break your fucking cranium
We are sinister and evil
We are the legion of the devil
