

Rage Of The Bloodbeast

Debauchery

Fire and iron - Demonic war machines
Burned flesh, tortured, armoured in chain mail
Forward from hell, with axes we fell
Murderers, invaders

Rage of the Bloodbeast

We come to kill, to rape and murder
Fucked up butchery - Sadistic slaughter
Impale, impale - Impaling you children
Rape, rape - Raping your women

Rage of the Bloodbeast

I shall wolf your flesh and snap your bones
Skin your folk and burn their homes
You shall ever dread my kind
And never squander fear behind
