Butchery Insanity We are the sons of the northern darkness We crush the bones of your mutilated carcass We will feed on your roasted children And then rape the maimed corpses of your women We are the slaves to darkness We are the slaves to darkness Marching on 'til the war is won Butchery Insanity We are filled with a fucking bloodlust We will kill with weapons of steel fire and brass We will nail the bastards to a burning cross We will prevail no one will stop us We are the slaves to darkness We are the slaves to darkness Marching on 'til the war is won
