

# The Fall Of Gondolin

Debauchery

Morgoth is on the way  
War is coming  
The north is in flames  
Balrog legions  
Fire dragons  
Thousands of orcs  
Gothmog killed  
In single combat  
By Ecthelion the great  
Woman raped  
Children tortured  
The wounded butchered  
The fall of Gondolin, Gondolin  
The city fights  
A thousand burning in the flames  
Elves drowning in their own blood  
Uncounted orcs dying like flies  
Choking in the stench of death  
Terrifying slaughter - carnage treachery  
Tuor butchered the bastard  
The fall of Gondolin, Gondolin  
Bloodbath - a hard fought siege battle  
Crowded together and slaughtered like cattle  
Bodies torn open - butchery  
An orgy of bloodshed and insanity  
Hard pressed defenders, enemy soldiers  
True carnage, madness and slaughter  
We are storming the walls  
With fire and steel the city falls  
Morgoth is on the way  
War is coming  
The north is in flames  
Balrog legions  
Fire dragons  
Thousands of orcs  
Gothmog killed  
In single combat  
By Ecthelion the great  
Woman raped  
Children tortured  
The wounded butchered  
Blood streaming  
Fire burning  
Gondolin in ruins  
The city falls  
Burning in the flames  
Morgoth's victory
