

## Walking Glory Road

### Debauchery

Kill all the suckers  
Bring them all to pain  
Never give up  
Or it's all in vain  
We are killers, here to win  
We are Debauchery, the living sin

We are the Headbangers from hell  
We are the marching to a screaming bell  
This is our religion we salute you  
To all mainstream loser - FUCK YOU!!!

I fear the destruction might end here  
And that will do us no good  
Keep the killing hot my friends  
Make them bleed and I shall see to it  
That on our new world the blood will  
Never stop  
Death Metal Maniacs  
I SALUTE YOU!!!
