

War Is Coming (Chill Out Version)

Debauchery

Prepare yourself for the worst its coming soon
I believe in those foretold prophecies of doom
They say the end is close, its coming fast
Not every single one of us is gonna last
So, stand and fight or kill yourself right now
Itll be one less motherfucker to kill
Skin shot, burned, stabbed, scorched and torn
This pain is real - you cant ignore...

War is coming

Arm yourself with the right to kill at will
Shoot to kill its them or you
Time to choose, time to choose or die
Bloods pouring, from the hole in your side
Take the pain - itll focus and stenghten you
Take the pain - or your lifes fuckin through
Face the pain - let it become part of you
Take the pain

War is coming

Prepare yourself for the worst its coming soon
I believe in those foretold prophecies of doom
They say the end is close, its coming fast
Not every single one of us is gonna last
So, stand and fight or kill yourself right now
Itll be one less motherfucker to kill
Skin shot, burned, stabbed, scorched and torn
This pain is real - you cant ignore...

War is coming
