If you're wondering why, why baby I did it
And I don't regret it for one, one single minute
It's because I, I
It's because I, I
I loved you too much
I loved you too much oh oh

If you're wondering how I walked right through the fire
I didn't feel the burn, I, I was taken higher
It's because I, I
It's because I, I
I loved you too much
I loved you too much oh oh

I could see just one thing
I live for just one thing
I wouldn't change a thing
Cause if they ask me I can say

I, I loved you with all my
I, I loved you with all my
I, I loved you from the bottom of it all oh

If you're wondering baby why, why I'm not in it
It's cause I can see my love has a limit
I can't love me if
I can't love me if
I love you too much
I love you too much

And I did
(Love you too much)
And I do
(Love you too much)
And I will
Always
Love you too much
Love you too much

If you're wondering babe why, why I did it
And I don't regret it for one, one single minute
It's because I, I
It's because I, I
I loved you too much
I loved you too much oh

If you're wondering baby why, why I went there
And baby why, why our story had to end there
It's because I, I
It's because I, I
I loved you too much
I loved you too much oh

And now babe, I can't finish what I started
I would be broken, not just broken hearted
Cause I, I
Cause I'd always

Love you too much
Love you too much
Too much
