Debbie Gibson

Moonchild, moonchild

All day long I wait for the sun to disappear  
So I can free myself in the cool night air  
Take down my hair and feel the wind on my shoulders  
With every breeze I feel my heart grow bolder and bolder

Moonchild, love it when your light shines down on me  
Moonchild, want someone to dance the dream  
Moonchild, wrap me up beneath the stars  
Moonchild, come to me when the night grows dark  
Tell me who you are, moonchild

I swear that I can feel your arms around me now  
I know you're somewhere, ooh, so I'm reaching out  
All day a misty shadow follows me  
I can hear you calling, darling  
Can't you see?  
I'm your

Moonchild, love it when your light shines down on me  
Moonchild, want someone to dance the dream  
Moonchild, wrap me up beneath the stars  
Moonchild, come to me when the night grows dark  
Tell me who you are, moonchild

Moonchild, moonchild  
Moonchild, moonchild

I'm your

Moonchild, love it when your light shines down on me  
Moonchild, want someone to dance the dream  
Moonchild, wrap me up beneath the stars  
Moonchild, come to me when the night grows dark  
Tell me who you are, moonchild

Love it when your light shines down on me  
Want someone to dance the dream  
Come on and wrap me up beneath the stars  
Why don't you come to me when the night grows dark?  
Moonchild

Love it when your light shines down on me  
Want someone to dance the dream  
Stars  
Come to me when night grows dark
