

## If Ever

Debby Boone

If ever I forget You  
And I refuse to love You  
Love You, Lord  
More than my highest joy  
I'll never want to sing again

If ever I deny You  
And I began to wander  
Wander from Your path  
Like I could make it on my own  
Use Your rod and lead me home  
Use Your rod and lead me home

For only You are worthy  
Only You are Holy  
Only You deserve all of my heart  
Only You received me  
Only You can keep me  
Only You can fill my life with song

If ever I deny You  
And I began to wander  
Wander from Your path  
Like I could make it on my own  
Use Your rod and lead me home  
Use Your rod and lead me home

For only You are worthy  
Only You are Holy  
Only You deserve all of my heart  
Only You received me  
Only You can keep me  
Only You can fill my life with song  
You fill my life with song  
You fill my life with song

For only You are worthy  
Only You are Holy  
Only You deserve all of my heart  
Only You received me  
Only You can keep me  
Only You can fill my life with song  
You fill my life with song  
You fill my life with song
