

Keep Rollin' On

Debby Boone

Ya gotta keep rollin' on
Till we make it to the end
Of our journey home
Safe in the arms of the Father

Just when you get it all worked out
That's when the changes come
About the time you're tellin' others how
You start feelin' dumb
You felt so sure inside
But it must have been another case of pride
So keep rollin', rollin' along

Everybody's gotta drive the same road
And it's an uphill climb
So we might as well share the load
And try to save some time
It doesn't matter who's at the top
Just as long as your wheels never stop
So keep rollin', rollin' along

Ya gotta keep rollin' on
Till we make it to the end
Of our journey home
Safe in the arms of the Father

Ya gotta keep rollin' on
Till we make it to the end
Of our journey home
Safe in the arms of the Father

And don't look back to the time
When your heart was untrue
But look ahead to the time
When your race will be through

Ya gotta keep rollin' on
Till we make it to the end
Of our journey home
Safe in the arms of the Father

Ya gotta keep rollin' on
Till we make it to the end
Of our journey home
Safe in the arms of the Father

Ya gotta keep rollin' on
Till we make it to the end
Of our journey home
Safe in the arms of the Father

Ya gotta keep rollin' on
Till we make it to the end
Of our journey home
Safe in the arms of the Father...
