

# Only Wounded

Debby Boone

I'm doin' fine now  
I never cry now  
In fact, I feel no pain at all

You sound the same now  
How's what's-her-name now?  
I'm just surprised that you would call

It took a long time, a long time  
But I was only wounded by your love  
I was only wounded, I can fall in love again

I'm all in place now  
A quieter space now  
There's not so many highs or lows  
No more confusion  
Or grand illusion  
I just sat back and watch them go

It took a long time, such a long time  
But I was only wounded by your love  
I was only wounded I can fall in love again

I don't think that we can just be friends  
Maybe this is how the whole thing ends  
'Cause you'll only shoot me dead again  
I was only wounded by your love  
I was only wounded I can fall in love again

I'm doin' fine now  
I never cry now  
In fact, I feel no pain at all
