

# Surrender

Debby Boone

Like the song in the wind  
Lord, You call me again  
Surrender  
And I find myself drawn to Your voice  
As I lean toward the choice  
Surrender

Like the echoing sound of the sea  
Lord, You echo in me  
Surrender  
Like a dancer, I follow again  
To the music within  
Surrender

For the freedom I seek  
Is the word that You speak  
Running deep as a song of my soul  
To be totally sure  
And totally yours  
And totally surrendered

Like the song of the rain  
You repeat the refrain  
Surrender  
And I know that Your music is mine  
And I follow in time  
Surrender

For the freedom I seek  
Is the word that You speak  
Running deep as a song of my soul  
To be totally sure  
And totally yours  
And totally surrendered

Like the song in the wind  
Lord, You call me again  
Surrender  
And at last I can soar like a bird  
On the wings of the word  
Surrender
