

## Those Texas Guys

Debby Ryan

A cowboy hottie put a rope around my heart  
Everything was awesome at the start  
Then he kissed a bleach blonde waitress  
And I saw through his disguise  
Oh I've had enough to here with these texas guys

So now I'm here in NYC  
Gotta find a guy who's only in me  
The lonestar state in great  
But I said  
My goodbyes

Oh I've had it up with those texas guys  
Oh I've had it up with those texas guys
