Locked

Decapitated

Stay home, save lives, it's just for now
Virus everywhere, so better hide
Virus everywhere, so you better hide

Rulers of the world
Forever locked

It's too hot out there, all oxygen is gone
Can't breathe outside, better stay at home

Red alert! Cloud is back, suffocating smoke
Stay home, stay healthy, you'd die if you go
Clones and drones fighting our holy wars
Cradle, kitchen, bedroom, coffin, there is no place like home
(There is no place like home, there is no place like home)
