

Into The Fire

Declan J Donovan

Lately I've been thinking bout myself
I was just drifting
Way too much drinking
Now every Friday night I'm by myself
But I'd rather spend it with you

I'm wondering are you dancing by yourself
Still singing the A team
Like when we were eighteen
Cos lately I'm not thinking bout myself
Cos all I can think of is you

No lies
Know I won't hold back this time

Baby I'm a lover not a fighter
But you know that I'd walk across this wire
Throw myself into the fire
Just to get to you to get you

I'm a lover not a fighter
But you know that I'd fall from every high
Throw myself into the fire
Just to get to you get to you
I would jump into the fire yeh
I would jump into the fire
I'd throw myself into the fire

Now my mind is on something else
It's like I'm a new man
A fortune in my hands
Now I don't see nobody else
Cos the light that I'm lost in is you

Yeh no angel should be left dancing all by herself
She should be the weight in my arms
Cos lately I'm not thinking bout anybody else
All that I think of is you

Baby I'm a lover not a fighter
But you know that I'd walk across this wire
Throw myself into the fire
Just to get to you to get you
I'm a lover not a fighter
But you know that I'd fall from every high
Throw myself into the fire
Just to get to you get to you
I would jump into the fire yeh
I would jump into the fire
I'd throw myself into the fire
Just to get to you to get to you

No lies
Know I won't hold back this time
Now I'm lying in your arms
I'm lying in you arms

Baby I'm a lover not a fighter
But you know that I'd walk across this wire
Throw myself into the fire
Just to get to you to get you

I'm a lover not a fighter
But you know that I'd fall from every high
Throw myself into the fire
Just to get to you get to you
I would jump into the fire yeh
I would jump into the fire
I'd throw myself into the fire
