

# You Better Believe!!!

Declan McKenna

Ah, ah

You're gonna get yourself killed  
Before you can run  
Just 'cause you've got your own theme song  
Fastest gun in the solar system

Don't think you're alone  
Don't think you're a home run  
Don't mean that you're holy  
Don't mean you're the only one  
To save us all

Oh, you better believe

The time has come where rocket boots and lasers  
Lose their flavours  
Like gum stuck to your heels  
So you know how it feels to wait that heaven's gate for God  
Watching your requiem on screen  
Gather 'round for the final scene  
Where you were sold away one summer's day last year  
Oh, I'm sorry, my dear  
The asteroid's here

Oh, you used to speak your mind  
So jealous but so kind, but you did fall  
After all  
You used to speak in tongues  
That Jesus and his loved ones would save us all  
Would save us all  
Save us all  
Save us all

So you better believe  
You better believe  
You better believe  
You better believe

We're gonna get ourselves killed (Oh, yeah)  
You're going overboard babe, you're going nowhere  
Oh yeah, oh yeah  
We're gonna get ourselves killed  
What do you think about the rocket I built?  
Is it so fast, so high speed?  
It's just what you need  
We're gonna get ourselves freed  
What do you think about the blood that I bleed?  
'Cause when I'm dead, you'll break bread  
But it's all in your head  
It's all in your head  
It's all in your head  
It's all in your

I'm off out to buy a bag of Quavers  
And Nike trainers  
Comfort you can feel

And you know that it's real because you saw it at the station
