Architect

Ded

Get up and fucking go!

Trapped in locked in by the gates
Plotting planning my escape
Feel me
My velocity
Killing
My composure is
Air tight
You can offer me
Nothing
Architecture of self

With everything I've got
I'll show you who I am
And everything I'm not
I can't live like that

What I say goes
No control
When I say go
Go psycho

What I say goes
No control
When I say go
Go psycho

Save me wading through the fakes
I'll separate do whatever it takes
They'll never get me
They'll never get me
They'll never get me
They'll never get me

With everything I've got
I'll show you who I am
And everything I'm not
I can't live like that

What I say goes
No control
When I say go
Go psycho

What I say goes
No control
When I say go
Go psycho

It's just a matter of time
It's just a matter of time
It's just a matter of time
It's my fucking time

They'll never get me!

With everything I've got
I'll show you who I am
And everything I'm not
I can't live like that

With everything I've got
I'll show you who I am
And everything I'm not
I can't live like that

What I say goes
No control
When I say go
Go psycho

What I say goes
No control
When I say go
Go psycho

What I say goes
No control
When I say go
Go psycho
Go psycho
Go psycho
Go psycho
Go psycho
