

American Made

Dee Snider

Take a look as I walk tall
Stand up against you all
Attempts that I forestall
There's no breaking me

Try but I won't bend
Mock scorn and condescend
Hard work is never done
That's all I believe

No talk just action now
Push forward don't care how
Fight till the end it's how I'm made
American made

Tired as I sweat and bleed
I am a different breed
Steadfast in my beliefs
I know I'll always be

No talk just action now
Push forward don't care how
Fight till the end it's how I'm made
American made

Forged hard and won't back down
Live for this action now
Just try to test me I'll remain
American made

American made
American made
American made
American

No talk just action now
Push forward don't care how
Fight till the end it's how I'm made
American made

No talk just action now
Push forward don't care how
Fight till the end it's how I'm made
American made

Forged hard and won't back down
Live for this action now
Just try to test me I'll remain
American made

American made
American made
American made
American made
