

Open Season

Dee Snider

Hey motherfucker, are you kidding me?
You better get ready
This is a lesson that I give for free
Your lesson is coming
Your lame ass words, they fall on deaf ears
Just take it, you want it
It's times like these I live for all your salty tears
I live for times like these

You've given me a reason
To tell it like it is
Now it's open season
I aim and never miss
No hidden meanings
My words are meant to burn
It's open season
Open
Time for school, you're gonna learn
You're gonna learn

You must have thought that I was someone else
You better get ready
Well I don't give a shit about your love of self
Your lesson is coming
You're a one bitch slap, it's all that I will ever need
Just take it, you want it
Are those second thoughts? Your regret is on what I feed
A regret you won't forget

You've given me a reason
To tell it like it is
Now it's open season
I aim and never miss
No hidden meanings
My words are meant to burn
It's open season
Open
Schoolin' you, you'd better learn

Open season
You better be ready
Open season
I'm loaded, aim steady

Was there a target on my back?
You drew first blood, now it's time to attack

You've given me a reason
To tell it like it is
Now it's open season
I aim and never miss
Open season
No hidden meanings
My words are meant to burn
It's open season
Open
This lesson's one you have to learn

You have to learn
Open season
