

## The Kids Are Back

Dee Snider

We walk the streets in tattered armies  
We got the lion in our heart  
We're not lookin' for trouble, just for some fun  
But we're all ready if you wanna start

So, just remember the  
The kids are back  
The kids are back  
Oh, watch out  
The kids are back

Well, can you blame us for living our dreams?  
Just look around and you'll see why  
We don't wanna follow that same routine  
Maybe it's for nothin', but we gotta try

So, just remember the  
The kids are back  
The kids are back  
Oh, watch out  
The kids are back

Look out

Now there's no problem, no need to fuss  
We ain't out to stop your fun  
Don't mind us askin', 'cause we gotta know  
How can we stop it when you're havin' none?

So, just remember the  
The kids are back  
The kids are back  
Oh, watch out  
The kids are back...

The kids are back  
The kids are back  
The kids are back
