

# Under the Blade

Dee Snider

A glint of steel, a flash of light  
You know you're not going home tonight  
Be it jack or switch, doctor's or mind  
Nowhere to run, everywhere you'll find  
You can't escape from the bed you've made  
When your time has come, you'll accept the blade!

You're cornered in the alley way, you know you're all alone  
You know it's gonna end this way, the chill goes to the bone  
Now here it comes that glistening light, it goes into your side  
Blackness comes, tonight's the night, blade is gonna ride

Cause you're under the blade  
Oh, you're under the blade

It's not another party head, this time you cannot rise  
Your hands are tied, your legs are strapped, a light shines in your eye  
You faintly see a razor's edge, you open your mouth to cry  
You know you can't, it's over now, blade is gonna ride

Cause you're under the blade  
Oh, you're under the blade

A glint of steel, a flash of light  
You know you're not going home tonight  
Be it jack or switch, doctor's or mind  
There nowhere to run, everywhere you'll find  
You can't escape from the bed you've made  
When your time has come, you'll accept the blade!

You've tried to make it to the front, now you're pinned against the side  
A monster stands before you now, its mouth is open wide  
The lights go on, the night explodes, it tears into your mind  
When the night does end, you'll come again, the blade is gonna ride

Cause you're under the blade  
Oh, you're under the blade

Here it comes, baby  
Ow!

Now you're under it  
You're going down, down, down, down, down, down  
Down, down, down, down, down, down, down

Hey!  
Ow!
