A glint of steel, a flash of light
You know you're not going home tonight
Be it jack or switch, doctor's or mind
Nowhere to run, everywhere you'll find
You can't escape from the bed you've made
When your time has come, you'll accept the blade!

You're cornered in the alley way, you know you're all alone You know it's gonna end this way, the chill goes to the bone Now here it comes that glistening light, it goes into your side Blackness comes, tonight's the night, blade is gonna ride

Cause you're under the blade Oh, you're under the blade

It's not another party head, this time you cannot rise Your hands are tied, your legs are strapped, a light shines in your e ye

You faintly see a razor's edge, you open your mouth to cry You know you can't, it's over now, blade is gonna ride

Cause you're under the blade Oh, you're under the blade

A glint of steel, a flash of light
You know you're not going home tonight
Be it jack or switch, doctor's or mind
There nowhere to run, everywhere you'll find
You can't escape from the bed you've made
When your time has come, you'll accept the blade!

You've tried to make it to the front, now you're pinned against the s ide

A monster stands before you now, its mouth is open wide The lights go on, the night explodes, it tears into your mind When the night does end, you'll come again, the blade is gonna ride

Cause you're under the blade Oh, you're under the blade

Here it comes, baby Ow!

Now you're under it You're going down, down, down, down, down Down, down, down, down, down, down

Hey! Ow!
