

Turn It Up

Deee-Lite

Just turn the music on
And then we'll belong
To everyone on the dance floor
Just turn the music on
And then we'll belong
To everybody all around the world

You're looking so smooth
You make sure we saw your last move
With every groove
You're always were the best dancer
I saw the motion
I want to say we should groove
And so we never ever have to [?]

We all want to look on, yeah
And then we'll belong
To everyone on the dance floor
Look on
And then we'll belong
To everybody all around the world

To the beat
You're looking so sweet, so sweet
I saw you moving around, down, down
To the beat
You're looking so sweet, so damn sweet
I saw you moving around, down, down
To the beat
You're looking so sweet, so sweet
I saw you moving around, down, down
Ooh, you're so fine
I want to say, I want to say you're all mine
So super fine
I want to say, I want to say you're all
You do your own thing, baby
You're so very fine
I want to say you're all mine, all mine
So, so, fine, fine, all mine
So good, so good, so fun
