Deep Blue Something

Whaddayo do for fun?
Take it out on #1
Your time is over, your time has come.
Flip her over, man, she is done.

Scuze me missuss right...
I've had a bit too much tonight.
You are such a lovely sight.
I've had a bit too much tonight.

Flip her over, flip her over
She is done.
In need of, in need of
Nothing and everything

It seems I smell of sin
It seems I seek to smile again...
Can't wait to see ya how have ya been?
Flip her over and fly my friends.
