

# Don't Stop

Deep Blue Something

Don't stop  
Don't stop  
Don't stop  
Don't stop

So maybe it's a little less profound  
But the longer that you hang around  
You should let some things go by

If you're kinda stressed by what you've seen  
In your mirror and in your dreams  
Even if you don't know why

Don't stop  
Don't stop  
Don't stop  
Don't stop

And later, when the song has faded out  
And you're left alone with your doubts  
(Because you wanted it that way)

I will bear the weight unseen  
Every second and in between  
When there are no words left, just say

Don't stop  
Don't stop  
Don't stop  
Don't stop

On your way to the world  
Has everybody let you down?  
When you take on the world  
Will you remember how?

All the weight of the world  
Get another look around  
You're on your way little girl  
Just don't stop

Don't stop  
Don't stop  
Don't stop  
Don't stop  
Don't stop  
Don't stop
