Deep Blue Something

Did you mean it when you said  
That you wish you were dead?  
Now I'm gonna tilt my head  
And lie

I think I knew  
Last June  
When you said  
You could buy the moon  
Cuz you could never run out  
Too soon  
But we tried

Cause you got up  
And you could walk, you could talk  
And now you try to run  
And then you lie  
And now you try to hide

Here comes the worst part  
About when they said  
They worked so damn hard  
Your name could only get you so far  
You're too much

Tonight, let's make front page news  
So, shine up your black boots  
You'll get what's coming to you  
And it's about time

Cause you got up  
And you could walk, you could talk  
And now you try to run  
And then you lie  
And now you try to hide

And you worked so hard  
Yeah, you worked so hard  
So far

Cause you got up  
And you could walk, you could talk  
And now you try to run  
And then you lie  
And now you try to hide  
You got up  
And you could walk, you could talk  
And now you try to run  
And then you lie  
And now you try to hide
