

## Green and Blue

Deep Forest

We've got solid state technology  
Tapes on the floor  
Songs we can't afford to play  
When we came here today  
All I wanted to say was  
How much I miss you  
Alcohol and cotton balls  
And some drugs  
We can't afford on the way  
When we came here today  
I felt something true  
Now I'm red-eyed and blue
