

Let me go

Deep Insight

Let me go, let me go
Let me go, let me go
Let me go, let me go
Let me go, let me go

I've got these fears
They're growing too strong in me
They breed from tears
and gather with tearing need
Little piece by piece
I'm building my breakaway
One break at a time
I tear this prison down

I've got what they want
I'm holding on and on
I've got what they need
I'm holding on and on

Break down, the sleeping's over
I see you're trying to break me down
Okay now it's time to let go now
Fear is just a big fat lie
You've got me going good
And I don't think you should
Break down
You've got me going good

Let me go, let me go
Let me go, let me go
Let me go, let me go
Let me go, let me go

I've been beating down
Been riding in a filthy cage
Go walking baptized with fire
Good ways too much to take

I've got what they want
I'm holding on and on
I've got what they need
I'm holding on and on

Break down, the sleeping's over
I see you're trying to break me down
Okay now it's time to let go now
Fear is just a big fat lie
You've got me going good
And I don't think you should
Break down

I've got what they want
I've got what they need
I've got what they want
Cause I'm holding on and on

I've got what they want

I've got what they need
I've got what they want
Cause I'm holding on and on

Break down, the sleeping's over
I see you're trying to break me down
Okay now it's time to let go now
Fear is just a big fat lie
You've got me going good
And I don't think you should
Break down
You've got me going good

Let me go, let me go
You've got me going good
Let me go, let me go
You've got me going good
Let me go, let me go
