

Bad Attitude

Deep Purple

Take a look at
These dirty hands
Take a look at this face these blazing eyes
Do you see me as a broken man
Tell me
Are you really that blind

You got yourself a load of trouble now
You got yourself a bad deal
You say i've got a bad attitude
How d'you think i feel

You got me locked in a paper cage
You think i'm chained up but i'm just tied down
Step aside get out of my way
I won't hurt you i had enough being pushed around

You got yourself a load of trouble now
You got yourself a bad deal
You say i've got a bad attitude
How d'you think i feel

Don't want a number
I got a name
Take a look at my face
Talk about a bad attitude
Things have got to change
