

Love Conquers All

Deep Purple

Am G/B C
Feels like the end
Dmi Ami
When you're closer to losing your dreams

G
Than losing a friend

Am G/B C
Flying blind

Dmi Ami
I'm shooting into the dark

G
Who will I find

F G Ami
Oh girl

Dmi C G
And if it takes me a lifetime

F G Ami
I swear I'll tear down every wall

Dmi C B F E7
Love conquers all

On my way
Tomorrow I rise with the sun
Soon I'll be gone
Words can't say
How the memories of feelings of love
They linger on
Oh girl
And if it takes me forever
I know it's worth every teardrop that falls

Dmi C B
Love conquers all

Es B/D
Somewhere there's a place in your heart

Fmi Cmi
Where the wounds never heal

Es
(You're not alone)

B
Well you're not alone

F
That's just how I feel

(instrumental)

F G Ami
Love conquers all

Dmi C G
This one will last a lifetime

F G Ami
And if love conquers all

Dmi C B
This one will last forever
