

Lucifer

Deep Purple

We're cruisin' on the grey snakes till my dyin' day
Checkin' all the hen houses out along the way
Wastin' time, drinkin' wine
Life is short and I ain't lyin'
Livin' all I can through every day

You can call me Lucifer
If you think you should
I know I'm good

Every night I'm barrelhousin' till the moon is low
Shoutin' blues and payin' dues and throwin' way my dough
Ramblin', gamblin', lovin', shovin', probably won't end up with
nothin'
At least I'll reap the seeds I sow

You can call me Lucifer
If you think you should
I know I'm good

Funky water farmers daughter gonna make the law
Lucy Blue, Chicago Green, I'll love 'em till they thaw
Courtin' all the lovely foxes, brunette, redheads, goldilocks
Takin' time to grind my crosscut saw

You can call me Lucifer
If you think you should
Now I know I'm good
